

2 5 kw ari wind turbine

Overview

5 kW wind turbine has a maintenance-free, brushless permanent magnet generator with high efficiency and a voltage of 0-400 V. Rectifier, analog display. The high performance Antaris 2. It is ideal for a domestic installation. The ANTARIS wind turbine is a wind energy system that is ideally suited to inland sites. Separate rectifier direction of rotation arbitrary. The most powerful blades, the most efficient alternators, and the most sophisticated controls on the market today.

2.5 kW wind turbine

Wind turbine ANTARIS 2.5 kW

The ANTARIS wind turbine is a wind energy system that is ideally suited to inland sites. It is designed specifically for feeding power into the grid, charging batteries (24 V / 48 V etc.) and for supporting ...

ANTARIS 2.5 kW , BRAUN Windturbinen GmbH

Technical data ANTARIS 2.5 kW
 Generator Permanent magnet rotor, brushless, gearless, maintenance-free
 High efficiency due to extremely strong permanent magnets (NdFeBo permanent magnets, ...

Our LifePO4 batteries can be connected in parallel and in series for larger capacity and voltage.

12 V 10 AH

Wind turbine ANTARIS 2.5 kW

The ANTARIS wind turbine is a wind energy system that is ideally suited ...

2.5kW Horizontal Axis Wind Turbine,

48V-240V

A 2.5 kW horizontal axis wind turbine is a wind energy conversion system designed to produce 2.5 kilowatts of electrical power. It features a horizontal rotor shaft, which is aligned parallel to the ...

Braun Windturbinen ANTARIS 2.5kW

There are no models to this Windturbine. The wind turbine ANTARIS 2.5kW is a production of Braun Windturbinen GmbH, a manufacturer from Germany. This manufacturer has been in business since ...

ANTARIS small wind turbines , BRAUN Windturbinen GmbH

The ANTARIS small wind turbine works very effectively due to its robust construction and is not only very inexpensive in the basic version. Particularly noteworthy are its very good start-up behavior ...

Braun Antaris

Separate rectifier direction of rotation arbitrary. Voltage 0-400 V. Feed-in starts at approx. 125 rpm. Power: 2,700 watts

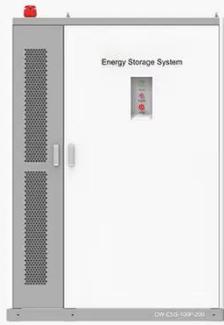

at 380 rpm and 330 VDC evenly rising performance curve. Weight: 30kg. ...

ANTARIS Small Wind Turbine for Home & Garden

Our small wind turbines from the ANTARIS series offer you a cost-effective way to generate your own electricity. The models are specifically designed for use in private homes and gardens, and are ...

◆ PRODUCT INFORMATION ◆

-  **BATTERY CAPACITY**
50kWh-500kWh
-  **DC VOLTAGE RANGE**
400V-1000V
-  **DEGREE OF PROTECTION**
IP54
-  **OPERATING TEMPERATURE RANGE**
-10-50°C

Our Lifepo4 batteries can beconnected in parallels and in series for larger capacity and voltage.

The Antaris 2.5 kW @ 48V DC!

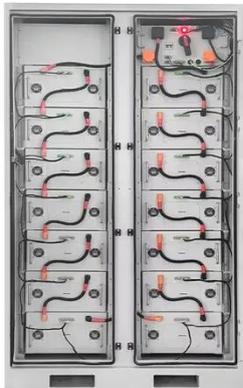

Enjoy the wind with Antaris wind turbines!

ARE 110-HV 2.5 kW Wind Turbine

EcoDirect sells ARE Wind Turbines at the lowest cost. Order Online or Call Us! 888-899-3509.

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh High-capacity
- ✓ Intelligent Integration

ANTARIS 2.5 kW Wind Turbine Grid Connected

The ANTARIS wind turbine is a wind energy system that is ideally suited to inland sites. It is designed specifically for feeding power into the grid, charging batteries (24 VDC / 48 VDC etc.) and for ...
