

# Adjustable photovoltaic support hoist

## Overview

---

Easily adjust tilt between 0°, 15°, 30°, 45°, and 60° to align with the sun's seasonal position—boosts energy output by up to 20% compared to fixed mounts. Includes stainless-steel wing screws and nuts—no drills or extra tools needed. The NextGen TranzVolt e-Hoist™ is a state-of-the-art tool used to lift solar panels (Solar Kit) and roofing supplies (Roofing Kit) to and from the roof quickly, easily and safely. See Flier for list of component. Our patented electric hoist series was manufactured to be the simplest and safest ladder hoist option on the market. Raise and lower up to 500 lbs with just the push of a button. \*We recommend the use of our Hoist Standoff with any Safety Hoist Model\* Solar, simplified. Price and other details may vary based on product size and color. This guide highlights five Amazon products that help you lift, stabilize, and power solar panels safely from ladders. Lightweight & Efficient: Lifts panels up to 8. Complete Kit, BYO Ladder: Includes all attachments and hardware needed for assembly — simply bring your own ladder to save money. Easy Shipping & Assembly: Comes in a flat-pack box for quick transport.
