

Are there subsidies for energy storage batteries in Nigeria

Overview

The African Development Bank (AfDB) has approved a \$1.2 million grant to support the development of a battery energy storage system (BESS) in Nigeria, a move seen as critical to stabilising the nation's power grid and accelerating renewable energy integration. It said the project will assess grid integration, identify viable business and regulatory models to attract investment, and build the capacity. Nigeria's drive for a stronger, more reliable energy sector received a boost as the African Development Bank (AfDB) announced a \$1.2 million grant. The AfDB Nigeria Country Office director general, Dr.
