10 years warranty

Foldable Photovoltaic Power Generation Cabin

Foldable Photovoltaic Power Generation Cabin is a containerised solar power solution. Combining the features of solar power generation and mobility, it provides electricity all over the world. Note: ...

20 feet container battery storage

systems

This product integrates a power conversion system (PCS), batteries, a battery management system (BMS), thermal management, power distribution, and fire protection, adopts single-serial design, and ...

Container Energy Storage Systems

Powered by lithium-ion batteries, this portable product is ready to supply reliable power in challenging situations. It can work in island mode, as a hybrid solution with a diesel generator, or in parallel with ...

Athens Photovoltaic Folding Container for Urban Lighting

Huijue Group newly launched a folding photovoltaic container, the latest containerized solar power product, with dozens of folding solar panels, aimed at solar power generation, with a capacity for ...

20-foot container energy storage system

Some of the products are applied in key national projects. The products are exported to Germany, Italy, Belgium, the

Netherlands, Japan, Pakistan, Mexico, Africa and other countries and regions.

Finland photovoltaic folding container 20kW

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems.

Folding Photovoltaic Container

Folding Photovoltaic Container By combining solar power generation with mobility, we provide electricity to regions around the world.

20-foot energy storage container

The energy storage battery system adopts 1500V non-walk-in container design, and the box integrates energy storage battery clusters, DC convergence cabinets, AC power

distribution cabinets, ...
