It's not just the batteries and inverters that you have to worry about, but also all the wiring, breaker panel upgrades and more. Fortunately, we've done most of this work for you!

---

### Modular Inverter System , Isolite

The Isolite E3MAX is a modular inverter with a user-friendly, password-protected interface and optional web monitoring. It boasts 98% efficiency and a pure sine wave output with less than 3% THD.

### **Isolite E3-MAX Series Installation & Operation Manual**

**CAUTION** - Always assume AC and DC Voltages are present at the E3-MAC Series terminals because the inverter is capable of providing output voltage from the batteries when there is no AC input present.

### **Staco E3 924**

In the event of an AC power failure, the Staco E3 924 will automatically transfer to battery power and continue to provide power without any interruption for the full amount of time you select.
