

Can the Nezha V trunk storage slot accommodate a spare tire

Overview

If you look closely at the bolt that holds your spare down, you'll see that it can accommodate either a small donut spare or a full size tire. Gives up a little space, but works better for me with flat trunk. Cost about \$75 and 2 hours DIY time. Seats are set at 75% recline in photo, might be able to recline another notch, but I never sit back there ☹️ Looks great! A few questions: Did you secure the tire to the floor?

Is the platform. welcome to taobao purchase hidden storage box in the trunk of the zhongsheng automobile nezha v, nezha u storage box with lid, flat bed magic box, taobao hundreds of millions of hot selling good goods, official logistics can send to the world, support foreign currency payment, platform customer. Yet there's a quiet trend that contradicts this promise of utility: more and more vehicles are being sold with no space for a spare tire—even those with impressively large trunks. It's a detail that many car buyers don't realize until it's too late: when they pop the trunk during a roadside. The AWD thankfully comes with a full diameter spare, but its half width and doesn't work at highway speeds. Since I've helped other people changed to spares that turned out to be flat, I would then have to also inflate and sometimes patch, I wanted to buy a 5th wheel and tire and rotate it in every. Kudos to MJ4CRV for the idea, but with a few changes: ½ inch plywood measured to fit with the rear seats fully reclined, covered with Home Depot indoor-outdoor mat screwed on the underside, two support legs in the rear corners and tied down with crisscrossed cargo straps.

Can the Nezza V trunk storage slot accommodate a spare tire

Why Your Hybrid Has No Spare Tire: Key Reasons Explained

While compact "donut" spares might fit in the cargo area with some compromise, a full-sized tire matching your other wheels takes up significantly more space and is much heavier, likely ...

My Hybrid Spare Tire Trunk Solution

The tire is not secured but the entire platform is held down with the straps that are attached to the 4 trunk tie down hooks. Straps have over 400 lb break strength each, so not worried ...

Honda CR-V Hybrid Cargo Test: How Much Fits in the Trunk?

The hybrids also do not have a spare tire. This cargo test is of a CR-V Sport Touring, meaning it's the worst-case scenario. I've also carried out this test on the Toyota RAV4 Hybrid and

Full size spare tire in donut spare

storage , Honda Passport Forum

You'll reduce your storage capacity but if that's not a concern, it should work. With our lift gate, mounting it externally like the first gen CR-V isn't an option.
