

# Congo solar Energy 4G Base Station

## Overview

---

Vodacom and Orange have formed a unique rural towerco partnership to build, own, and operate solar-powered mobile base stations in underserved areas of the Democratic Republic of Congo. How many solar-powered basestations are being built in the DRC?

Orange. Speaking in Brazzaville after a mid-term review with a World Bank delegation, Minister of Posts, Telecommunications and the Digital Economy Léon Juste Ibombo confirmed the commissioning of twenty 4G sites in sparsely populated departments. The installations, part of the US\$100 million Project for.
