

Container energy storage manufacturer in Porto Portugal

215kWh

8,000+ Cycles Lifetime

IP54 Protection Degree

Overview

VG CoLAB develops innovative system-oriented technological solutions applying energy storage to enable the energy transition. Fuelled by industrial and services sectors, it delivers mid-TRL prototypes and business support services scaling up relevant and novel scientific research. The company, EDP Labelec, is actively involved in the energy transition and emphasizes its commitment to clean energy and sustainability. Storage is now essential for assuring round-the-clock reliability and reducing reliance on fossil-fuel peaker plants, as significant solar and wind generation is already operational.

Summary: Discover how Porto-based manufacturers like EK SOLAR are driving innovation in mobile energy storage systems. Explore applications, market trends, and why Portugal is becoming a hub for sustainable power solutions.

Container energy storage manufacturer in Porto Portugal

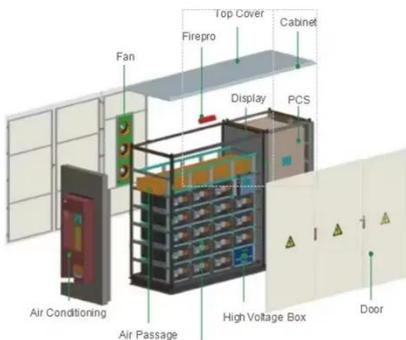

Vasco da Gama CoLAB

VG CoLAB develops innovative energy storage technologies through functional prototypes, focusing on battery cell scale-up, battery modules, and power electronics.

ELECTRICITY STORAGE IN PORTUGAL

Portugal's energy-storage market is entering a new stage of maturity, combining grid-scale standalone batteries and hybrid (co-located) systems with renewable plants.
