

Distributed Energy Storage System Battery Warranty

Lithium Solar Generator: \$150

Overview

To mitigate risks, BESS manufacturers may offer warranties for 10 years or more based on performance estimates. Understanding the basics of battery degradation can help you evaluate your warranty. Similar to your laptop or cell phone battery, you will notice over some time that your battery will be challenged to hold a charge for as long as it used to when it was new. This also applies to home battery. Battery energy storage systems (BESSs) enable system operators and utility providers to store energy for later use and perform many functions to make the electrical grid smarter and more resilient. Why Battery Warranties Matter Battery systems are complex. A standard battery warranty should come with at least 10 years of protection, though it can be shorter.
