

European Off-Grid Solar Container Supplier

Overview

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings. We achieve this by designing and implementing tailored solutions that leverage renewable energy sources, ensuring reliable and affordable power access even in the most remote areas. Our products are engineered and manufactured in the UK, ready to generate and provide electrical power at the client's premises anywhere in the world. The Off Grid Container also. The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ecologically-friendly aluminium rail system guarantees a mobile solution with rapid availability. Each container is equipped with a photovoltaic array, a battery bank, and a generator — all custom-sized to meet the specific needs of the customer. With integrated. Why Off-Grid Is Gaining Ground in Europe, the Balkans, and MENA At Intersolar Europe 2025, off-grid and hybrid solar + storage solutions stole the spotlight. In regions like the Balkans.

European Off-Grid Solar Container Supplier

Off-Grid Solar & Storage Solutions for EPCs

Explore scalable off-grid solar & storage systems from up to 5 MWh. Designed for EPCs, developers across Europe, MENA & the Balkans.

Mobil Grid® solar container

The Mobil-Grid ® is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and connected, with integrated control cell and batteries.

Modular BESS Container Europe: Customizable, Weather-Tough ...

Whether it's storing excess Spanish solar, stabilizing Germany's grid, powering remote Irish villages, or backing up Munich hospitals, it's the flexible, durable solution Europe has been ...

Intech Energy Container

The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

Solarcontainer: The mobile solar system

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our

time are more present than ever.
