

# Free proofing of solar panels

## Overview

---

The US government is not giving away free solar panels or paying people to go solar, no matter how many random YouTube and Facebook ads say otherwise. This scam is usually a misrepresentation of the Residential Clean Energy Credit (aka solar tax credit). How to avoid burning a hole in your pocketbook and protect yourself from consumer scams about free solar panels. We'll break down what "free solar panels" actually means, how different financing options compare, and what you need to know to make a. When something is advertised as "free," it usually comes with a few strings attached—free solar panels are no exception. Companies that offer "free" solar panels are typically offering solar lease agreements, so you can reap the benefits of solar-powered electricity without dealing with the upkeep. While free solar panels may seem like a great deal, in almost every case we can think of, they aren't actually free. The federal government doesn't have programs for free solar installation, and it doesn't require companies to provide free solar panels. Most free solar panel offers are actually solar leases, power purchase agreements, \$0 down financing — or sometimes. Advertising "free solar panels from the government" is one of the most common scams in the solar industry. However, amidst the numerous bad actors misleading the public, there are also a handful of niche government programs that do, in fact, provide solar systems for low-income households at no.
