

# French lithium battery BMS solution

## Overview

---

BMS PowerSafe designs and produces the most secure intelligent on-board solutions in the sector. Its electronic management boards are compatible with all battery technologies, optimising their operation, safety and lifespan. Increasing use of high-energy-density battery chemistries is elevating the importance of thermal and state-of-health management in BMS design. The company has unique expertise in the BMS (Battery Management System) market. 6 billion · Forecast (2033): USD 14. 5% France Lithium-Ion Battery Management Systems for Vehicles Market: Current Size and Growth.
