Geda Solarlifts - Different Modalities For Your Application Area
 Unique Concept: The Solar Platform
 Geda Solarlift - One Device, Several Advantages
 The GEDA Solarlift has particularly been designed for working with sensitive materials and offers a specific solar platform for a safe transport of expensive solar panels. The platform provides a specially developed plastic surface and an extra fixation possibility which can be adjusted as desired. The second transport variation is the collector pl

Solar Module Lift Pulley System, 60 foot rope length

The Fluke PV Module Lift is designed to make solar panel installation faster,

safer, and more efficient. With a lightweight yet rugged build, it sets up in under five minutes by a single person ...

Best Solar Panel Pulley Systems for Off-Grid Power

Harnessing solar power often goes hand-in-hand with smart mounting and tracking solutions. This guide highlights five solar pulley and mounting-related products that enhance sun ...

Solar Module Lift Pulley System, 60 foot rope length

The Fluke PV Module Lift is designed to make solar panel installation faster, safer, and more efficient. With a lightweight yet rugged build, it sets up in under five minutes by a single person and helps ...

Fluke MODULIFT2M Ladder-Pulley System, 60-ft Rope

Safely and easily lift solar panels to the roof with the ladder-pulley system. This compact and simple-to-operate module lift system eliminates the need for heavy lifting as well as minimizes damaging the ...

Solarlift - Professional Mounting for PV-Systems , GEDA

GEDA Solarlift is a reliable device on every construction site to transport and assemble solar panels and photovoltaic systems securely. The solarlift also comes with an extra post that supports the ladder ...

Fluke FLUKE-MODULIFT2M Module Lift PV Module Ladder Pulley ...

The Fluke PV Module Lift(TM) is designed to make solar panel installation faster, safer, and more efficient. With a lightweight yet rugged build, it sets up in under five minutes by a single person and helps ...

FUEL Solar Lift

It takes less than 30 seconds to safely and easily lift solar panels and equipment to a two-story roof. At the end of the day simply tuck your lift into a regular work van, or even a car, where it is ready to set ...

Module Lift: Premier Solar Panel Lifter

The Solmetric Module Lift is designed to safely and quickly transport a PV module to a roof. The device uses your existing

fiberglass Werner or Louisville extension ladder.

Solar Panels

UniMove offers a solar panel lifter for every step of your processing operations. You can easily grip the solar panels with suction cups that have been designed for specifically handling this type of material.

Fluke Module Lift(TM) , Streamline Solar Panel Installation

The Fluke Module Lift(TM) is designed to safely and quickly transport a PV module to a roof, streamlining the installation process of solar panels. This innovative tool enables you to lift solar modules to the ...
