

# How much is the outdoor solar power hub for sale in mozambique

## Overview

---

Norwegian renewable energy company Scatec has completed the sale of its 52.5% equity interest in the 40MW Mocuba solar power plant in Mozambique for \$8. Central Solar de Mocuba (CESOM) provides over 79 GWh of electricity annually, which is equivalent to the electricity consumption of more than 170,000 households in Mozambique. Mozambique is set to significantly expand its solar power infrastructure with two new plants in Cabo Delgado and Nampula. These initiatives underscore the country's firm commitment to renewable energy and sustainable development, marking a pivotal step in its ambitious national energy strategy. The African Energy is a specialized distributor of solar electric and power back-up equipment exclusively for the African market.
