

Is wind power a venture capital

Overview

The renewable energy sector saw global investment hit \$2. But here's what most founders don't realize: most of that capital went to infrastructure projects, not startups. Vestas Ventures is the corporate venture capital arm of Vestas Wind Systems A/S, the world's leading wind turbine manufacturer. The core values of Vestas are Simplicity, Collaboration. The D. From our offices in the San Francisco Bay Area, our goal is to accelerate growth for global startups and provide them with 'unfair' access to Latin America and the US. Existing and emerging modes of mobility.
