

# Ivory Coast solar project energy storage

## Overview

---

Ci-Energies, Ivory Coast's state-run utility, has launched two tenders for the construction of 100 MW solar power plants, each integrated with 33 MWh of energy storage, to advance the nation's renewable energy infrastructure. The projects will be awarded under 25-year independent power producer (IPP) concessions. Bondoukou, Ivory. The Ivory Coast is set to begin construction of the \$63.5 million Ferke Solar power plant in Sokoro, which will have an installed capacity of 52 MW. Announced by government spokesperson Amadou Coulibaly in April, the project will commence in the second quarter of 2024 and is expected to be. As part of its drive to diversify electricity generation sources and increase the share of renewable energies in its energy mix (45% by 2030), Ivory Coast commissioned RMT to build the country's very first photovoltaic solar power plant, with a capacity of 37.

### Ivory Coast Boosts Renewable Energy with New Solar Projects

Panel discussions will provide insights into the state of renewable energy across the entire West African region, including Ivory Coast, along with investment opportunities, particularly in ...

## Côte d'Ivoire Launches Tender for Solar Projects with Energy Storage

Côte d'Ivoire has launched two international tenders for the construction of solar photovoltaic plants, each with 100 MW capacity and 33 MWh of storage. The sites are located in Dabakala and ...

## AMEA Power Launches Construction of a 50MW Solar PV Project in Ivory Coast

With projects in 20 countries, a 6GW+ project pipeline, and 2,600MW+ in operation and under/near construction, the company is rapidly expanding its investments in wind, solar, energy ...

## Ivory Coast Launches Tenders for 200 MW/66 MWh of Solar-Plus ...

Ci-Energies, Ivory Coast's state-run utility, has launched two tenders for the construction of 100 MW solar power plants, each integrated with 33 MWh of energy storage, to advance the nation's ...

## RMT builds a 37.5 MWp solar power plant and installs an energy storage

It has been in operation since July 2023. Our RMT experts were in charge of all the work, and also installed a Battery Energy Storage System (BESS) enabling CI-ENERGIES to even out ...

## Ivory Coast's \$20B Infrastructure Plan to Spur Economic Growth

The initiative follows the April 2024 inauguration of Ivory Coast's first solar plant - and the largest in West Africa - in Boundiali. Ivory Coast currently has 15 solar projects totaling 650 MW currently ...

## Ivory Coast launches tenders for 200 MW/66 MWh of solar-plus-storage

Ivory Coast has opened tenders for 200

MW/66 MWh of solar-plus-storage, seeking proposals for two 100 MW solar parks each connected to 33 MWh of storage.
