

# Jinko s 650W photovoltaic panel size

48V 100Ah

## Overview

---

The Jinko 650W Solar Panel (625-650W) features mechanical characteristics including N-type mono-crystalline cells and 156 cells with dimensions of 2465x1134x30 mm. The weight is 34 kg, with a front glass layer measuring 2.0 mm and anti-reflection coating. The N-type panel offers high power output and durability. Backed by a 12-year product warranty and a 30-year linear power guarantee, this solar panel ensures reliable performance for years to come. Jinko Solar Panel 625W 630W. Power (Pmax) Jiangsu Jingke'Ao Technology Co. Specializes In Photovoltaic Modules Production And Solar Power Plants, Offering High-Quality Photovoltaic System Products. Here are the key specifications and features of this model: 3. With advanced cell technology and an optimized 66-cell design, it delivers superior efficiency, low degradation, and outstanding performance even in. 30 technology offer better efficiency. 2021/ IEC61730:2023 IEC61701/ IEC62716/ IEC60068/ EC62804 ISO9001:2015: Quality Management System reliability.
