

# Lithium battery energy storage cabinet wide-temperature rental service

## Overview

---

Get these exclusive online rates by renting through our website or app. For battery energy storage systems (BESS) for rent, see below. Need help finding the right equipment?

Call us at 866-246-1984 and we will make it happen. Have any questions?

Talk with us directly using LiveChat. The Vertiv™ EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical backup and AI compute loads, they provide 10–15 years of reliable performance in a smaller footprint than VRLA batteries. When you require an industrial energy solution for your construction site, plant or event, these energy storage systems provide silent, efficient temporary power. The Narada NESP Series LFP High Capacity Lithium Iron Phosphate batteries are designed for a broad range of BESS solutions providing a wide operating temperature range, while delivering exceptional warranty, safety, and life.
