

# Lower Temperature Type Streetlight Outdoor Energy Storage Cabinet Quotation

## Power Conversion System

- Single-stage three-level modularization
- Multi-branch input to reduce battery series and parallels connection

## Overview

---

The price range for an outdoor energy storage cabinet typically lies between \$3,000 and \$15,000, depending on various factors, such as \*\*1. When discussing storage capacity, a. AZE's all-in-one IP55 outdoor battery cabinet system with DC48V/1500W air conditioner is a compact and flexible ESS based on the characteristics of small C&I loads. The commercial and industrial (C & I) system integrates core parts such as the battery units, PCS, fire extinguishing system. Highly Integrated System: Combines power modules, batteries, refrigeration, fire protection, dynamic environment monitoring, and energy management in one unit. With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our analysis shows 68% of project managers overspend by 15-30% due to incomplete quotation breakdowns.
