

# Luxembourg energy storage applications

## Overview

---

With a 20-point roadmap to scale electricity storage, the Grand Duchy is opening doors for innovation in grid flexibility, home energy systems, and smart infrastructure. Why a dedicated strategy for battery storage?

Thank you! THANK YOU! value. rgy and climate objectives by 2030. Submitted to the European Commission, this roadmap aims to reduce greenhouse gas emissions by 55%, increase renewable energy sources to 25% of the energy mix, and solution; Masdar | Energy Storage. The strategy, announced on 9 July, aims to maximise the added value of storage batteries for end consumers and the electricity. On Wednesday 9 July 2025, Luxembourg's Minister of the Economy, SMEs, Energy and Tourism, Lex Delles, presented the strategic roadmap for the promotion and development of electricity storage batteries in Luxembourg: "Späicherstrategie Lëtzebuerg". Energolux specializes in electrical engineering and energy supply solutions, offering. Summary: Discover how Luxembourg City's groundbreaking 100MW energy storage system is reshaping renewable energy integration and grid stability.
