

Microgrid energy storage outdoor cabinet expandability

Overview

Our engineering team offers free system simulations using your local weather data. Just shoot us an email at or message on WhatsApp.

Highly Integrated System: Includes power module, battery, refrigeration, fire protection, dynamic environment monitoring, and energy management in a single unit.

Flexible Expansion: The system utilizes virtual synchronous machine technology for long-distance parallel communication, enabling.

Wenergy provides fully integrated, outdoor-rated ESS cabinets using LiFePO4 technology with modular design and robust safety architecture. Our Aimbridge Energy DC Microgrid packages provide power system capacities ranging from 5kW to 20kW and the ability to create multiple power cabinet configurations.

Our intelligent Energy. Recreen Energy offer all in one integrated industrial and commercial energy storage systems solution which are designed to provide reliable and cost-effective energy storage solutions for regional microgrids such as small CBD, farms, islands, outdoor photovoltaic power station, etc. Scalable from Residential to Utility.
