Ramallah – Septem–Massader, the energy investment arm of the Palestine Investment Fund (PIF), the Arab Palestinian Investment Company (APIC), and Bank of Palestine Group (BOP) joined forces and signed an agreement to establish Taqa, a pioneering company dedicated to advancing renewable. In the last two decades, the Palestinian energy sector has improved and consolidated, transitioning from a fragmented municipally based system to a more efficient single buyer model. The Palestinian Energy and Natural Resources Authority (PENRA) was established with a mandate to consolidate the key. Palestine's push toward energy independence has accelerated in recent years, with energy storage projects becoming a cornerstone of this vision. With solar energy adoption growing 42% year-over-year (2023 Palestine Energy Report), the need for reliable storage solutions has never been more urgent. These systems don't just store power – they transform ho.
