

Outdoor solar power hub 4 kWh weight

Overview

Compact with dimensions of L450*W290*H435mm and a net weight of ≤ 36 KG, it's incredibly portable, making it perfect for outdoor adventures, emergencies, or daily use. Equipped with an LFP battery, it offers a rated energy of 4KWh, ensuring long - lasting power. Expand this kit to 6kWh by adding another battery. Easy Set Up: The integrated EcoFlow Power Hub has a simple plug-and-play design, allowing you to expand and customize your kit faster than any other power solution on the. EcoFlow 4kWh Power Kits fulfill the essential energy needs of your RV or off-grid build. 8kWh (12kW) for days-to-week-long backup. Dual Voltage: 120V/240V, 6,000W AC output per unit, powers fridges to central AC. Long-Lasting: 5-year. Supplier highlights: This seller is a manufacturer and trader, offering overseas warehouse services, supporting full customization and design customization, with a positive review rate of 88. High Safety: Equipped with multiple safety protections like over-charge and over-discharge protection.
