

Portable power bank rated output

Overview

We sought out power banks weighing 8 ounces (half a pound) or less, making them easy to carry around in a wallet, pocket, or bag. We preferred power banks rated for at least 2,000 mAh and up to 10,000 mAh capacity, which tells you roughly how much battery life they hold. Is your phone, tablet, or laptop typically in the battery red zone before the end of the day?

These portable chargers and power banks give you the most boost when you're out of juice. As a tech journalist with 20 years in mobile, software, and gadgets, Iyaz writes about hits, misses, and everything. Whether you're looking for a portable charger output that fuels your phone fast or a power bank that keeps your laptop alive, this guide has you covered. Its overall performance and convenient size are also well-received.
