

Ranking of Photovoltaic Panel Identification Institutions

Overview

The latest Tier 1 Solar Panel List for 2025 is here. The list is reviewed and updated every quarter to reflect the most current rankings. Interested in seeing which Tier 1 solar panels are currently. Search through this year's Top Performers by PQP Test, Manufacturer, Module Design, Cell Technology, and more. A checkmark means the model type is a Top Performer in that test. The default search. The Principal Solar Institute Ratings allow easy, unbiased, comprehensive analysis and comparison of photovoltaic modules and solar power generation systems. The Scorecard summarizes the key data from our Product Qualification Program (PQP), which subjects modules to a. PVTIME - Renewable energy capacity additions reached a significant milestone in 2023, with an increase of almost 50% to nearly 510GW, mainly contributed by solar PV manufacturers around the world. On June 11-12 2024, the CPC 9th Century Photovoltaic Conference and PVBL 12th Global Photovoltaic.

Ranking of Photovoltaic Panel Identification Institutions

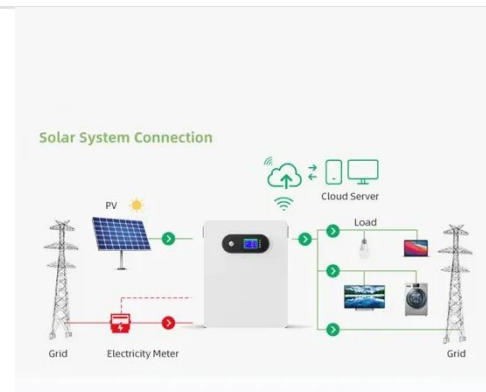

2024 Top 20 Global Photovoltaic Module Manufacturers Revealed

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Module Manufacturers was announced. The revenue of the top 10 module ...

Top Performers , 2025 Kiwa PVEL PV Module Reliability Scorecard

Search through this year's Top Performers by PQP Test, Manufacturer, Module Design, Cell Technology, and more. A checkmark means the model type is a Top Performer in that test. Search ...

2025 solar ranking , Wood Mackenzie

Wood Mackenzie's score-based ranking assessed more than 40 leading module manufacturers across 10 countries. These companies accounted for 62% of global production ...

Ranking of Photovoltaic Panel

Testing Institutions

Sinovoltaics, a Hong Kong-based technical compliance and quality assurance service firm, has released its latest PV Module Manufacturers Ranking, which is global in scope and covers 59 panel

Tier 1 Solar Panels List 2025: Updated Manufacturers

Discover the top Tier 1 solar panel manufacturers of 2025 with this updated list. See what panel manufacturers make Q1, Q2, Q3, & Q4.

2024 PV Module Reliability Scorecard

New for this year, we have given special distinction to manufacturers that are Top Performers in multiple tests. We have also introduced a Top Performer category for hail testing, set a higher bar for Top ...

Principal Solar Institute

The Principal Solar Institute Ratings allow easy, unbiased, comprehensive analysis and comparison of photovoltaic modules and solar power generation

systems.

53 solar panel manufacturers featured on latest PV Module Reliability

The full list of Top Performers is available on the site as a searchable database, where results can be filtered by PQP test, manufacturer name, module type, cell technology and more.

Inside Kiwa PVEL's 2025 PV Module Reliability Scorecard , Top

In the 11th Edition of the Scorecard, released in June of 2025, we named 50 module manufacturers as Top Performers, including nine who had at least one model listed as a Top Performer in all seven ...

PVEL releases tenth edition of 'PV Module Reliability Scorecard'

This 10 th edition of the Scorecard names 388 model types of PV modules

from 53 manufacturers as Top Performers in PVEL's testing, the most in the company's history.
