

# Scalable Bulk Procurement of Chilean Energy Storage Containers

## Overview

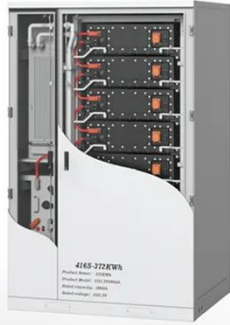

---

The government of Chile will launch a bill this year to procure large-scale energy storage systems for commissioning in 2026 totalling US\$2 billion of investment, on top of 5GWh already being sought for 2027-28. This acceleration reflects the country's aggressive renewable integration strategy and positions Chile as a. Is Chile ready for a standalone energy storage project?

This project alone nears the capacity (13GWh) the Chilean Ministry of Energy sought in a public land bidding auction for standalone energy storage projects in May of. The deal encompasses 537 containers. Credit: The Desert Photo / Shutterstock. Underpinned by hefty supportive policies, BESS has proven to be resilient to supply chain disruptions.

## Scalable Bulk Procurement of Chilean Energy Storage Containers
