

Single-phase network cabinets for chemical plants

Overview

Our versatile fiberglass single-phase sectionalizing cabinets can be pad-mounted or buried. The cabinet's hinge-less lid rotates beyond 90 degrees and stays open for overhead equipment operations. The aesthetic low profile design provides unobtrusive installations for sectionalizing. American Tech Supply, a registered CCR contracting supply company has teamed up with Highline Products, Carlon, Commscope, and several other leading OSP fiber optic equipment manufacturers. ATS now carries several models of OSP enclosures from Highline Products which include Single Phase Primary. Highline® energy products, highly-durable and lightweight Millennium line of compression molded transformer box pads to our low-cost, stackable box pads, Oldcastle offers the quality and customization you need for any application. Oldcastle Infrastructure manufactures two styles of fiberglass. Heavy-Duty channelized construction; Standard cabinet is fabricated from 14 gauge galvanized steel; Also available in stainless steel or aluminum (contact rep); Heavy duty wind locks are standard on all models; Custom sizes and special junction mounting brackets available; Stainless steel hinge barrels. Nordic supplied Copper ground systems and brand name junctions are available for factory installation. Hot-dipped galvanized, silicon bronze pent-head bolt, and stainless steel hardware. Our metal-enclosed designs feature vacuum circuit breakers, intelligent monitoring, and up to 40kA short-circuit withstand capacity.
