Modular design,
unlimited combinations in parallel

BUILT-IN DUAL FIRE PROTECTION MODULE

Overview

The simple answer is yes; solar panel arrays are designed to be modular and demountable, not permanent fixtures. This necessity might stem from planned roof maintenance, system upgrades, or preparations for selling the property. You might also need to bring down your panels for other reasons such as fixing storm damage, making home improvements, or upgrading your system. The question isn't if it's possible - it's how much you'll pay for professional removal. Understanding the proper sequence and safety requirements for panel.
