

St Johns home solar container system brand

Overview

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading from a remaining container structure. We have cleverly combined solar panels, shipping containers, and homes to offer an eco-friendly, convenient, and affordable new living solution. Modular design, can be assembled within a week. Ideal for remote areas, emergency rescue and commercial applications. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar.
