

# The latest model of Trina original photovoltaic panels

## Overview

---

With maximum power output reaching 720W, the Vertex N series modules pioneer the industry's transition to TOPCon technology. Trina's top-tier TOPCon cells offer impressive efficiencies up to 23. Low-voltage design enables higher string power, delivering increased energy yield. The industry's first module manufacturer to mass produce TOPCon modules with power output exceeding 700W. Trina panels range from residential rooftops to large utility panels. Hence, it is a comprehensive take for many buyers. 5% efficiency rating and 25-year warranty Trina Solar has been delivering residential and commercial photovoltaic solar panels across the globe from its home base in China since 1997, earning recognition as the 8th best solar panel brand in 2025 with an. Market Leadership with Scale: Trina Solar has established itself as a top-3 global solar manufacturer with over 205GW of cumulative shipments and operations in 100+ countries, demonstrating the scale and reliability that makes it a Tier 1 bankable choice for large-scale solar projects in 2025.
