

# United Arab Emirates container battery factory solar cells

## Overview

---

Trina Solar has announced plans to build a production base in the United Arab Emirates, which will cover all aspects of the solar industry chain. The factory will have an annual output of 50,000 tons of high-purity silicon, 30 GW of silicon wafers, and 5 GW of battery modules. Combining solar energy generation with advanced. MKC Group of Companies is an official partner in energy storage devices built on CATL battery systems — a world leader in the production of lithium energy sources for electric transport and energy. In 2021, MKC Group of Companies signed an agreement on the exclusive distribution of products across. Statevolt, a US headquartered green industrialisation company, announced plans earlier this month to construct a new state-of-the-art, technology-agnostic battery cell gigafactory in the UAE's Ras Al Khaimah.
