

# What are the solar inverters in Iraq

## Overview

---

In this detailed guide, I will walk you through the best solar inverters in Iraq for 2026, explain how to choose the right model for your needs, and share practical insights for both homeowners and business owners. As one of the important countries in the Middle East, Iraq is a country rich in energy resources and its oil reserves are among the highest in the world. However, years of war have led to its outdated energy infrastructure, limited natural gas exploitation and utilization, and a long-term "power. Power & Sun offers a newly launched range of advanced solar and hybrid power inverters designed for residential, commercial, and industrial solar systems across Iraq. It supports LiFePO<sub>4</sub> and lead-acid batteries, includes dual MPPT inputs, and delivers high performance even in extreme temperatures. 6% efficiency, IP65 protection, and smart.
