Overview

Design and engineering a solution - We can design a custom solar panels with optimal size, shape, substrate, certification requirement, power output, mounting strategy to maximize performance. We can provide technical expertise, generate relevant drawings, and assist with. We, at GermanSolar, engineer, design and manufacture high performing PV On-Grid and Off-Grid panels for your OEM needs based on your PV solar panel-requirements and specifications. Whether it's a rooftop, carport, or unique structure, our panels are adaptable to any surface. As a custom made solar panel manufacturer with our own production facilities located in Shenzhen China, we're well-equipped to bring your design to life. Most standard small solar panels are rectangular in. Trust SunWize to deliver expertly engineered custom solar modules for your portable industrial and electronic applications. SunWize OEM Solar Modules.

Where to make custom-made special-shaped photovoltaic panels

Custom-Made Panels

Our highly experienced engineering and production teams design and manufacture for you custom-made high-quality PV-panels for your private label and companies' brand with a satisfaction guarantee.

Solar Panel Manufacturer, Battery Pack, Solar System Supplier

We Are Mainly Engaged In R& D, Production And Sales Of PV Modules And Lithium Batteries, As Well As Providing Customers With Solutions For Solar Energy Projects.
